The Appalachian Region includes all of West Virginia and parts of 12 other states from Alabama to parts of New York. The expansive territory and pockets of cultural influence gave rise to a variety of food ways and traditions that were truly farm to fork. Pork, corn, potatoes; farmers ate what they grew and the meat came straight from the farm. Appalachian cooking is food that reflects the place. It's not just about what's on your plate but who you are eating with. It's the joy of generations sharing a meal. Cooking that connects family, friends, history and traditions. The food is tangible, but it's the intangible traditions that truly keep today's Appalachian kitchens at the heart of the home. *Bourbon Cocktail, Garden Tomato Salad, Warm Roasted Potato Salad, Mixed Stewed Greens, Large Format Brined Pork Chops, and Seasonal Hand Pies*
